A: The story

Project name:	Explore the Ohrid lake
Responsible organization and person(s):	Scout Group Pioneer – Ohrid Macedonia The person should have realized this project leave scout organization and project team leader took NikolcheKostoski.
Introduction to the project:	With this project our group wants to introduce scouts to the coastal area and the specific places and villages located. To be acquainted with the coast of Lake scout will enhance their physical development, With this projects will be introduced children from such places as scouts with the hope that they will one day be part of scout movement.
Objectives and goals:	The goals of this project were to gain team spirit, to develop water activities in our group, and to teach new children to rowing and use equipment for rowing to carry out future activities that would help us to faster and professional performance of obligations. Learning of the geographical position of the Ohrid coast is a visit to all the places that the Ohrid Lake is at disposal and the use of all water equipment and its application
To which extent did we meet objectives and goals:	This project has led us to get to know one more advanced level at the same time And use natural resources to help better master the water skills that you would not expect on the following sailings on a lake or river. Improve all the skills to manage a boat and safely achieve the goal by safely using the entire equipment that the boat is equipped with. In order to find in the future new and appropriate equipment for managing watercourses
What did we learn from the project:	From this project we have learned what the Ohrid coast is and where it is possible to access a boat for safe execution of some of our activities, as well as proper use and perfecting the equipment by the participants who were devoted all the time for performing all the tasks.
