A: The story

Project name:	Real Scouting
Responsible organization and person(s):	The Polish Scouting and Guiding Association, Maciej Trojan
Introduction to the project:	<p>Through our project children from excluded rural areas got an opportunity to participate in ecological and forest educational programs. They couldn't afford that equipment. At the moment they can participate in this type of activity because the scout teams can share them a camping equipment. We hope that camping will give them an opportunity to build a sense of responsibility and self-reliance. It will also open their minds for surrounding nature. Children will get knowledge about living in harmony with nature. They will learn how to cook on a fire, how to take care about the tents and many more. During the camps scouts will gain scout badges connected with camping, cooking and ecology. Team leaders got a chance to learn how to lead their teams in practice. Local society gains youth responsible for the environment.</p> <p>We will use our new equipment on camps, which will be organized for 5 years, minimum 2 per year. Camps will be organized for scouts and non-scouts from the same area. We hope after every camping 7-10 new kids will join scout groups.</p> <p>We hope to start organizing them as soon as possible. Unfortunately due to the pandemic situation it is impossible now.</p>
Objectives and goals:	<p>The overall objective of this project is equalizing the chances for experiencing real scouting.</p> <p>We wanted to:</p> <ul style="list-style-type: none"> • Organize scout camps for 5 years, minimum 2 per year, • Share our knowledge with children about living in harmony with nature, • Give a knowledge how to lead teams in practice for our team leaders, • Encourage children to join our scout's teams after camps.
To which extent did we meet objectives and goals:	<p>We do our bests to meet objectives and goals despite the COVID-19 pandemic.</p> <ol style="list-style-type: none"> 1. We create an opportunity of camping for children from rural areas. 2. This project helped us in acquiring camping equipment for our scout teams. 3. We trained our team leaders due to the proper use of camping equipment, ex.

	<p>pitching and folding tents, cooking on gas burners, tying hammocks, etc.</p> <p>4. We established long term cooperation with local Decathlon shop with special discounts for scout troops.</p> <p>We prepared equipment and team leaders for acting in real as soon as the pandemic restrictions will give us that possibility. We hope that we can organize summer camp in 2021.</p>
What did we learn from the project:	<p>Due to the COVID-19 pandemic we learned how to cooperate on-line. In real scouting activities it was quite difficult. We learned how to communicate efficiently in team leaders' group. We are prepared to organize camps for children. We realized how important is an opportunity to attend scout camps for children. Due to the project tasks our leaders also learned how to choose the best camping equipment for their teams, how to use it properly and how to take care of it. Our project isn't finished it just started and it will last longer and bigger number of scouts will have an opportunity to use it during the camps.</p> <p>A part of our activities you can see on our Instagram profile: https://www.instagram.com/szczep_horyzont/ (Decathlon and Makaron are films from our team leaders meeting when we were choosing camping equipment and learning how to use our new equipment.</p> <p>Short story about our visit in Decathlon you can find on our Facebook profile: https://www.facebook.com/Szczep-Harcerski-Horyzont-Hufiec-ZHP-%C5%9Awidnica-112621590658012</p>
